

## JURY DISAGREES IN GREGORY CASE

After deliberating eight hours a jury, Tuesday night reported to Common Pleas Judge Daniel J. Brennan that they had been unable to reach a verdict in the embezzlement trial of George Gregory, concluding a trial which lasted for four days. Frank Wilson, 98 year old ex-slave, was star witness against the disbarred lawyer and charged that Gregory withheld money from him following a settlement for injuries received in an auto accident in 1936. This was the second time the case has been tried.

### Orange Cook Has Good Chance In "Sweeps"

ORANGE—A local cook in a boarding house faced a possible sudden wealth of \$150,000 calmly here this week with a determination to "keep right on working" if the ticket she held on a horse in the Irish Sweepstakes Race, to be run this Friday, turns out to be the right one.

She is Mary Randall, 40, of 162 Taylor street. Her horse, Tems Willow, rated a 13 to 1 shot to win, will carry any important dream of Mrs. Randall's. "If I win that money I'm going back to Powhatan, Va. where I was born and build a new house for my family." She revealed she revealed that her former home was destroyed in a fire last winter. "There will be no losing, even if I do win the \$150,000. I'll get another job down there. Work never hurt anybody."

Henry Hightower of 111 Newton st. is also a possible winner.

### Barbour Backs Bill for Air Training

### Social Security Is Denied Domestic

WASHINGTON, D. C.—The House Ways and Means Committee voted last week not to recommend expansion of the social security program to include some 6,000,000 farm and domestic employees. This action by the committee came as a severe blow to the efforts of Negroes "to have these two groups of workers come under the act."

The sentiment of the committee was expressed unofficially by Representative John W. McCormack, Democrat, of Massachusetts, the committee's vice chairman, who said that the inclusion of these two groups would "only make the law more cumbersome."

### Race Eyes Civil Service Jobs

TRENTON—Results of recent civil service examination shows that the race is making progress in this direction.

In the Junior Clerk examination Natalie Stanfield of Montclair finished 10th on the list with a mark of 80.75. Anna McGuire is first in East Orange as Clerk-Typist; Elizabeth Maddox is third on the list as Social Investigator of East Orange.

Rayfield Lundy of Newark is fourth on the list of Essex County for Junior Clerk; Mary Howe is second on the list for the same position in Morristown. Viola Caraway is first among the women as Junior Clerk in East Orange and Gertrude Bailey is forty second on the list in the county.

### Sub-Com. Named

WASHINGTON—A Senate subcommittee to consider the Capper-Wagner-Van Nuys anti-lynching bill was named here this week. The chairman was Senator Frederick Van Nuys of Indiana, one of the three sponsors of the bill.

### Ex-Regent Of County D.A.R. Hits Singer Ban

The action of the D. A. R. in snubbing Marian Anderson was condemned by Assemblywoman Constance Hand as "definitely un-American" in a speech before the "What Is Americanism" Forum of the Youth Discussion Group, 11 Clinton Place Sunday night.

She also branded the action as against the principles for which the D. A. R. stands.

"I believe in practicing what you preach," she told reporters after the meeting. Mrs. Hand was past regent of the Essex County Chapter of the D. A. R.

### Oliver Bar Is Denied By Catholic University Dean

JERSEY CITY—Father Thomas O'Malley, Dean of St. Peter's College here denied this week that Hudson Oliver, Jr. had been the victim of discrimination when the local school's track team participated against the Catholic University recently.

This statement was in clarification of a story appearing last week in a New York colored weekly claiming Oliver had been barred when he appeared at a track meet at the Washington, D. C. College recently.

Dean O'Malley declared that Oliver had not been a member of any athletic team representing the school this year and cited his poor scholastic record as the reason. He added that Oliver had been dropped twice from the school for scholastic reasons and that the last time he was permitted to re-enter was on the condition that he maintain an average of at least 75 percent in his studies, and attend classes regularly.

### Tenents League Asks For Relief Investigators For Paterson

By CLARA L. SMITH

PATERSON—Mr. William Young, president of the Passaic County Tenant's League, met with the Board of Fire and Police Commissioners on Tuesday, and requested that Negro investigators be placed on the Department of Relief.

Their request was in the form of a set of resolutions which called their attention to the fact that, despite the large percentage of Negroes on Relief, through no fault of theirs, and despite the fact that Negro investigators have previously given very satisfactory service, that there are not and have not been any Negro investigators in several years.

The resolution specified that they do not wish Negro investigators assigned only to Negro clients as this request would tend to promote segregation which is contrary to the principles of the Constitution of the United States of America.

### Both Parties Deny Rift of Carpenters

JERSEY CITY—North Jersey social circles have been teeming with rumors of a domestic rift between Dr. Bill Carpenter, popular local den-

DR. WILLIAM CARPENTER

tist of 224 Monticello Avenue, and his charming wife. Investigation by the Herald News proved these rumors unfounded and they were denied by both parties.

Attorney Saunders of Jersey City, who has been mentioned as the counsel for Dr. Carpenter, informed a reporter for this paper that he had not been retained to begin divorce proceedings and that no papers had been filed and that all these wild rumors were "just so much talk."

Mrs. Carpenter was interviewed over the telephone at her dress shop in Bloomfield and said, "I know nothing of any divorce case being filed against me by my husband."

"I admit that I have been hearing rumors but if any such action had been brought I should certainly know something about it. You had better ask Dr. Carpenter about it," she concluded.

When contacted Wednesday at Medical Center here, Dr. Carpenter vehemently denied the rumor and branded it a "malicious falsehood."

### RUTGERS' PRESIDENT OKAYS 'WHITE WASHED' FINDINGS

#### Rutger's Reply

Replying to your telegram . . . our position in agreement with statement issued by Dr. Hargraves.—Robert S. Clothier.

The above telegram was received from President Robert S. Clothier of Rutgers' College in response to a wire sent him by the New Jersey Herald News requesting a clarification of policy on colored athletes on Rutgers' teams participating against southern colleges.

This action was occasioned by the recent barring of Ernest Baxter, member of the boxing team, by the University of Maryland. Baxter was left home when authorities of the Maryland College objected to competing against a member of the Negro race.

A committee of Essex County Assemblymen, led by Dr. Frank S. Hargraves, colored member of the delegation, waited on officials of Rutgers' recently relative to this incident.

Dr. Hargraves released a statement exonerating Rutgers' of racial prejudice but this statement was not satisfactory to the Negro press, who claimed that this was beside the point. Rutgers was charged with submitting to this committee was silent.

When contacted Tuesday on the telephone by the Herald News, Dr. Hargraves refused to elaborate on his original statement.

"This is a delicate situation and must be handled with care," he said. "I feel that everything will work out to the satisfaction of all."

## Three Hundred Witness Musical Guild Recital: Annie Wiggins Brown Scores

MONTCLAIR—Some three hundred music lovers and leaders in New Jersey's social life filed into the auditorium of the George Inness Junior High School Sunday afternoon to the recital presented by the Music Appreciation Guild of Northern New Jersey under the advisement of Mrs. V. Lilla L. Lester.

The afternoon performance was opened with the resonant tones of Fara Thomas' talented fingers as she struck the chords of "Bride C. Sharp" Minor Opus 25, No. 7, by Chopin. Throughout the recital could be seen the results of the years of her study at Columbia University, Scripps Cantoriam of Paris and two years of private study with Maurice Duhamel.

Ruth Ellis, who under the tutelage of the late Richard E. Harrison, has become one of the state's most versatile dramatists, was at her best in the recital of the "Gypsy Flower Girl" by Nozze. As an encore she offered a light comedy, "Don't You Know?"

Annie Wiggins Brown, whose lyric voice in the past has always brought to her hearers a delightful experience, was at her best Sunday afternoon. Her repertoire of semi-classical numbers was far superior to her rendition of spirituals. Her highly trained voice lent sympathy to the age-old plea of the Negro slave.

Following the completion of each artist's part on the program a basket of flowers was given to them as a gift from girls of the guild.

This benefit recital was given by Music Appreciation Guild to assist some worth-while student of music who has not the funds to continue his or her study of the "Art of the Gods."

The roster of the club includes Lauretta Hammond, Thomasina Y. Bell, Elizabeth Madgett, Lola Lynn, Bessie Abrams, Carrie Allen, Mary Blount, Edith K. Reed, Dr. Helen Hawthorne, Muriel Lindenberg, Mary C. H. Morrell, Carrie Shepherd, Muriel Sutherland, Evelyn and Mary Young. Honorary members are Carolyn Hardy and Willie Holt.

He has also introduced a bill to bring about the formation of a colored unit in the New Jersey National Guard.

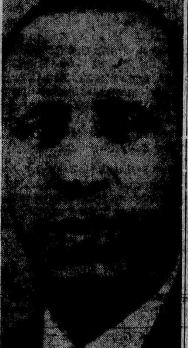

In response to a telegram sent by the Herald-News on his stand on the Air Corps bill he wired an unwholehearted in favor of amendment to Air Corps expansion bill providing that at least one colored school be officially designated for aviation instruction by War Department under National Defense Program.

This bill is now before the House and Senate conference and Senator Barbour assisted in the passage through the Senate of a clause in the National Defense Bill making such provision.

It is believed that Congress will pass the bill calling for the establishment of this school and either Howard, Lincoln or Wilberforce will be named.

## RACE EMPLOYEES WITH SCHWARTZ DRUG STORES ARE MAKING GOOD

Dr. Edgar D. Gigetta about a year ago was employed by the Schwartz Drug Stores as registered pharmacist in charge of pharmaceutical manufacturing and compounding at 114 Springfield avenue, Newark, which is the location of one of their many stores, also the Victoria Chemical Company, a subsidiary of the Schwartz Drug Company.

Dr. Gigetta was born in Chatham, Va., and attended school at Kitterell College in North Carolina. After graduation he came to New Jersey 20 years ago, where he entered the College of Pharmacy of Rutgers University, graduating from there in 1923 and has been actively engaged in the practice of pharmacy ever since. A few years ago he attracted considerable comment when he was made manager of a drug store owned by a white pharmacist in Montclair, which was owned by Mr. A. Casbona, who operated three stores.

Dr. Gigetta enjoys the reputation of being a mighty fine pharmacist and has considerable experience besides having owned his own business. He has worked for some of the finest and best-conducted pharmacies in Northern Jersey, all of whom have the highest respect for him both as a

pharmacist and a man of integrity and much ability. Among them are The Bell Drug Company of East Orange, where he served three and one-half years apprenticeship, later returning as a registered pharmacist, working in their Munn avenue store at the corner of Munn avenue and Main street, East Orange; also Reider's Drug Store and Anthony Capoma's store, both in Montclair.

He was employed at Cosmopolitan Drug Store in Newark for seven years and Wood's Out Rate Drug Store of 574 Main street, East Orange, where he was employed when he was recommended to the Schwartz management for the position he now holds. According to the management and Mr. Schwartz senior he is making good service with credit both to the race and his profession.

The Schwartz Management should receive a reasonable portion of our race's patronage, not as a favor to them, but because besides getting value received they have uncompromisingly opened the door of opportunity to young Negro men and women where they can earn a livelihood without any discrimination on account of race, creed or color; but each is given opportunity according to their several abilities.

The Schwartz Drug Company is a chain store operating several stores in Northern Jersey and New York in which they should serve every colored help. In Highland at the center, Miss W. W. is a graduate pharmacist of Rutgers College of Pharmacy, is prescription clerk. She is a brilliant scholar and a mighty fine pharmacist, according to the management.

When this writer interviewed Mr. Schwartz, Sr., he was told that he has a very high regard for Dr. Gigetta, stating that he is very happy to afford whatever positions possible to colored people, because it is largely through the loyalty and patronage of the colored people he was able to build up a gigantic business in the heart of Newark, where he began 35 years ago.

Dr. Gigetta is married and lives with his wife at 112 Belmont street, Newark, having recently moved from Montclair, where they have owned their own home for a number of years. Mrs. Gigetta was before her marriage Miss Ruth Springfield of Orange and is known throughout New Jersey as an accomplished musician, an ardent church worker and stenographer.

## Rutger's

(Continued from Page 1)

1. Why Rutger's refused to accept the boxing match with the University of Maryland when it was learned that the latter college was having a member of a Rutgers' team purely on the basis of race?

2. Will Rutgers continue to submit to the demands of these Southern schools, and withdraw colored members of its athletic teams when competing against them?

3. How can Rutgers, a college supported partially by State funds, be a party to discrimination against a representative of a race that as taxpayers of the State contributes substantially to its support?

Efforts to clarify this situation through the President of Rutgers' resulted in being referred to Dr. Hargraves. Dr. Hargraves is reluctant to talk because of the delicacy of the situation and his belief that everything will work out all right.

### Hearts Asunder:-

Cupid's bow and arrow has been put away with moth ball's... So many of the hearts he put together in the last ten years have been torn asunder that he is discouraged and refuses to work at his task... preferring to go on relief where there is less worry and less work.

### Do You Want To Jump:-

If you have that uncontrollable urge these days to prance and swing you should have been on hand last Thursday night at the Orange Armory when Lincoln best Morgan by the "skin of their teeth"... Some game... And some dancing... The "young 'uns" took the floor... The Allen girls from Montclair, Christine and Grace, had all the young collegiates begging for dances... Rita Joyner in a striped jacket with a tiny hat to match... Sayre Whittington looking very pleasing in a black affair... Delores "Furry" in a tweed suit whirling around with hubby... Leonard Wright... The two brothers from Jersey City... Dr. William Carpenter and Dr. Marcus Carpenter... The William Pitt Boys... Al Moore... Mary McCrae... Louis Johnson in a green hat and coat... James Randolph of Jersey City talking with Dr. Ferdinand Williams of Montclair... Dr. and Mrs. Harold Scott of Morrisown conversing with Mrs. Oliver "Butty" Brown... Mary Silvers and Lawyer Mike Carter quietly looking on... Undertaker Jack Dabney walking around greeting friends... Ralph Holt smilingly telling me about his month-old son... The Massie Woods... Bryce Jones with a party from Rutherford... Dr. and Mrs. Longshore; the missus very springy in an aqua marine gown... Spring is very definitely on the way... quite a few of the Newark Eagles were on hand... Mules Stutles... Dick Lundy... Ray Dandridge... John Pullins of the University Club trying to lay his racket... Bertha Douglas, exotic brown-skin beauty, who would make an excellent model for an artist seeking neopian beauty... Mr. and Mrs. Guy Moorhead sitting on the side lines watching the jump session... Charlie Smith of Summit taking a night off from his law studies...

The main attraction of the week is the Fashion Show and Dance given by the Essex County Republican League of Colored Women Voters at the 16th Avenue Armory Saturday night, March 25th... You can't afford to miss it if you want to be in the know about spring apparel... Such well-dressed women will model as Eva Penn Fitts... Sadella Ten Eyke Nichols, actress with the Rose McClelland players of New York... She is also a kindergarten teacher... Betty Woods of East Orange... Flora Wells, secretary to Lawyer J. Maxwell Moore... Dorothy Mulford... Mary Baker of East Orange... Audrey Burrell, tiny daughter of Marjorie, will model children's clothes... and many more, but I must sign off until next week.

## Doctors Find John H. Lewis Blind In One Eye, Ring Future Uncertain

### IN THE GROVE--By Butts Brown

Now that the Negro National League has gone in for stream-lined baseball, maybe the meigs will inaugurate a few other innovations for the comfort and convenience of the paying public. With this hope in mind, your scribbles lists a few improvements that I feel would be welcomed by fans.

One of the greatest annoyances of ball games is to be seated in front or along side of an iron-jawed, open-lip incessant consumer of peanuts. This is especially obnoxious when your favorite team is leading by one run, and the opposition has three men on base, two out, a home hitter at bat with the count of three and two in the ninth.

This is a time, folks, that calls for perfect quiet so that you may meditate, cross your fingers and resort to all other forms of known hocus in order to make that menacing-looking batter miss that all-important pitch. This calls for the most exacting concentration and the least distraction is subject to grave fatal and take the spell off the batter. Then, just as the pitcher is about to release the ball, that guy in back of you cracks a peanut and your attention is diverted. The next thing that little white pellet is seen riding over the distant wall and runners are jubilantly crossing the plate, all because that guy cracked that peanut and broke the spell. It is only by exercising the greatest degree of self-control that you refrain from committing murder. Because of the seriousness of the situation we suggest that only peanuts with mutes be sold in the parks.

Also, equally disturbing is to have those hot dog vendors passing mustard-dripping pipes all over your best white summer suit. My view is that all hot dogs be equipped with trailers to catch the overflow mustard?

Another annoyance is those guys and gals with the fog horn voices who usually take good care to ease right up close to your ear and let go with all their might at an exciting point in a game. The result is the same as a punch from a Louis right.

To overcome this annoyance, we suggest that voice-testers be installed at each park and customers be required to take a voice test before purchasing tickets. They would be given memos showing the power and range of their voice which would be presented at the ticket window and tickets would be issued accordingly.

Then there is the fan who becomes so excited during a game that he jumps up and down, pounds anything within range of his hands. This type of enthusiastic expression is more prevalent among the female of the species than it is among the male. To meet this situation we suggest that air-cushioned gloves be provided for each offender and thus safeguard the backs and legs of prospective victims.

While to the old conservative these suggestions may seem most drastic, still to any person who has suffered these inconveniences they will be cheered to the sky. The innovations could be made at little expense and the improved comforts afforded fans would be one of the greatest attendance boosters the league has discovered. All the above suggestions are given without charge to the league or fan.

DETROIT—The fistic future of John Henry Lewis, light heavyweight champion, is extremely dubious following an examination by two physicians which revealed that he was virtually blind in one eye. The champion was examined here last week by Dr. Daniel R. Donovan and C. L. Tomsu of the Michigan Boxing Commission for his fight scheduled for March 31 with Dave Clark.

The physicians failed to reveal how long John Henry Lewis has been suffering from partial blindness. Lewis left town before he could be examined by a specialist.

This case of Lewis recalls the more famous one of Harry Greb who fought and defeated the best fighters in the country and only lost one eye. Greb had his bad eye removed in the greatest surgery and his glass eye was probably the most perfect ever made and it was not until after his death that the facts became known.

## Alpha Five Dethroned

The St. Lucy's basketball team defeated the Alpha Five in an upset win Sunday night by a score of 58-48. The Lucys pulled away in the closing moments of the game to break a deadlock and win by 10 points.

## Race Still Holds Four Ring Titles

WASHINGTON—The National Boxing Association announced its rating of fighters this week and showed that colored fighters possessed four crowns—Joe Louis heavyweight; John Henry Lewis, light heavyweight; and Henry Armstrong, lightweight and welterweight.

## Jeffries Drops Decision; Wants Return Match

ATLANTIC CITY—Jim Jeffries, local light heavyweight sensation, met a tartar in Freddy Walmyer of Richmond Va. here last week and dropped a 10-round decision to the Southerner. It marked the third defeat for the Newark brawler in 17 professional fights.

Walmyer, a southpaw, proved a puzzle to Jeffries and won all the way, scoring a knockdown in the last round. Jim was unable to catch up with Freddy, who boxed like a lightweight and showed rare ring generalship.

"I would like to fight Freddy again. I showed that I could take his best punches and in another fight I believe I would solve his style," said Jeffries when interviewed at his home.

## Making Comeback

**BUNKER HILL**  
Former heavyweight sensation of Newark, who is in training for a comeback attempt. Hill has secured a new manager, Roy Simmons, and feels confident of battling his way through the local crop of heavyweights. Among his victims are Jack Larson, Jack Leving and Bob Lawson. He is seeking for a bout at Laurel Garden against some outstanding heavyweight, and Bunker isn't particular who the man is.

## Newark Will Have A Hustling Team This Season; Says Dick Lundy

The advance guard of the Newark Eagles baseball team, headed by Manager Dick Lundy, left Newark Wednesday for their training camp at Daytona Beach, Florida. Included in the party were "Buster" Brown, catcher, and Bayard, a sensational rookie outfielder of East Orange.

Leon Day will join the group at Baltimore and Bob Evans will jump on board at Richmond and the party will be completed with the addition of Charles Brown in Wilmington, N.C.

Manager Lundy was very enthusiastic over the Eagles' pennant winning chances this year and talked freely to the press. "You boys know what we have from last year and there are several promising new men who stand a good chance of breaking into the regular lineup."

"You can bet that Newark will have a hustling and fighting ball club this year. Fred Wilson, our outfielder, gives us a good third place hitter, something that costs several important games last year."

"I will have about a week to work with the pitchers and catchers before the regular squad arrives and should be able to cover quite some ground in that time. The regulars will get about 8 days training and then we start our exhibition games with teams of the American and International Leagues," stated Lundy.

## Bobby Carroll In State Meet

Bobby Carroll will compete in the Newark A. C. State boxing championships on Friday night. Bobby won the State and National, 112-pound title last year and is a favorite to repeat his triumph again this year. Because of the possible postponement of the fight, he may fight in the 118-pound class.

## Lincoln, 40; Morgan, 39

ORANGE ARMORY—Monty Irving, former Orange High School star, gave a perfect example of a boy making good last Thursday night when he paced Lincoln University's basketball team to a thrilling 40-39 victory over Morgan College, here. Irving turned in a sparkling performance on the defense and his sensational shooting, which netted 14.92 for the 800 meters and points, made him high man for the night.

Fighting desperately to square a defeat suffered in Baltimore last week, the Bears played great basketball throughout and led at the half 21-19. Lincoln came back fighting in the second half with Honey, Bolden and Young dropping them in from all angles and forged ahead within four minutes to lead 27-24.

It was at this point that Clark "Spook" Smith and Gibson started gunning from mid-court and hit the net with unerring accuracy. At this point the score at 29 all. From this point on it was a dog fight with the crowd in an uproar until the final whistle.

## Undeclared L. I. U. To Meet Champion Virginia Union Five

NEW YORK—Without a doubt one of the greatest basketball attractions ever staged will be presented at the new State Palace, Friday evening, March 24th, when the undefeated Long Island Blackbirds meet the C. J. A. A. Champions, the Virginia Union Panthers.

Long Island with 22 straight victories, numbers among its victories Southern California, Geneva, Duquesne, Toledo, Marquette, twice victors over Notre Dame, LaSalle and others too numerous to mention.

To offset this, the Champion Virginia aggregation, although undefeated, have the imposing record of 17 victories out of 19 games played.

New Yorkers are particularly interested in the Panthers, for two of their stars are former New York scholastic greats in the person of "Mel" Glover of DeWitt Clinton High School and "Pick" Fraser of Stuyvesant High School. Another favorite is "Doc" Hayes, former Ashbury Park High School star.

The Long Island lineup has the Metropolitan high scorer "Irv"
